October 1st

08:00 - 09:00  Registration

09:00 - 09:30  **Opening address**

09:30 - 10:30  **Keynote**

10:30 - 11:00  **Coffee break**

11:00 - 12:15  **Marine education & outreach Part 1**

   Chair: Jon Parr

   - School Outreach in Marine Research: welcome addition or extra effort?  Joachim Dengg
   - Can Facebook be used to increase scientific literacy? A case study of the Monterey Bay Aquarium Research Institute Facebook page and ocean literacy.  Dr. Sam Dupont
   - Setting up an ocean literacy hub in the southern Mediterranean  Alan Deidun
   - Creative teaching: How to create global coastal guardians?  Annie Russell & Susan Gebbels

12:15 - 12:45  **Flash poster presentation**

   Chair: Sam Dupont

12:45 - 13:30  **Lunch**

13:30 - 14:00  **Workshop Round 1**

   - Sea for Society  Dr. Manuel Cira
   - The use of GIS to improve ocean literacy  Luc Zwartjes
   - Conducting oceanography experiments in a conventional classroom  Mirjam Glessmer
14:10 - 15:25  Marine education & outreach Part 2  
Chair: Angela Wulf  
- To be announced  
- The Nautilus Exploration programme: using telepresence technology to inspire the next generation through real-time access to ocean exploration  
  Nia Hâf Jones  
- Mr. Goodfish, a programme on sustainable seafood addressing consumption patterns to educate society at large  
  Dr. Manuel Cira  
- The Future of online learning: An Online Workshop to Advance Transatlantic Ocean Science Literacy  
  Susan Gebbels & Annie Russell  

15:25 - 15:45  Coffee break  

15:45 - 16:15 Workshop Round 2  
- Sea for Society  
  Dr. Manuel Cira  
- The use of GIS to improve ocean literacy  
  Luc Zwartjes  
- Conducting oceanography experiments in a conventional classroom  
  Mirjam Glessmer  

16:20 - 17:50  Marine education & outreach Part 3  
chair: Fiona Crouch  
- JUMP and CRAM-Q: diving into marine science!  
  Ana Lúcia Silva  
- Promoting Ocean Literacy through intergovernmental programmes  
  Francesca Santoro  
- Ocean literacy in the United States: current status of educational research and next steps  
  Dr. Meghan Marrero & Dr. Diana Payne  
- The science of underwater sound: merging research, education, and policy  
  Gail Scowcroft  
- OceanTeacher Global Academy: OceanTeacher goes global  
  Claudia Delgado  

18:30 - 21:00  Wine reception at the Maritime Museum & Aquarium
October 2\textsuperscript{nd}

08:00 - 08:45  Registration

08:45 - 10:15  \textbf{Marine education in the school curriculum Part 1}
Chair: Evy Copejans

- Bring the ocean to the classroom  Pr. Angela Wulff
- Baseline survey of ‘ocean literacy’ awareness in UK school students  Dr. Mark Ward
- Map “Portugal É Mar”: communicating a new maritime territorial reality to schools all around the country  Raquel Costa
- How to use CD’s as a tool to explore marine biodiversity  Michael Olsson & Dr. Susan Gotensparre
- Marine Science Education for Primary schoolchildren – “I know and protect my seas”  Alison Kideys

10:15 - 10:45  \textbf{Coffee break}

10:45 - 11:15  \textbf{Workshop Round 3}

- Sea for Society  Dr. Manuel Cira
- The use of GIS to improve ocean literacy  Luc Zwartjes
- Conducting oceanography experiments in a conventional classroom  Mirjam Glessmer

11:15 - 12:00  \textbf{Poster session}

12:00 -13:00  \textbf{Lunch}

13:00 - 14:30  \textbf{Marine education in the school curriculum Part 2}
Chair: TBD

- Combining shipboard and classroom based marine science education  Lasse Byrén
- Bridges between school and blue science  Diogo Geraldes
- Ocean acidification in the upper secondary school chemistry curriculum  Viveca Johansson
- Life around the turbines  Jack Sewell
- Comenius The Sea  Hervé Gigaroff

14:30 - 15:00  \textbf{Coffee break}
15:00 - 17:00  **Marine education in museum, aquarium and science center**
chair: Sam Dupont
- From prawns to the iPods – education in the NMFRI Gdynia Aquarium
- Grażyna Niedoszytko
- Research, tourism and education: a turbulent but successful marriage
- Carsten Fomsgaard
- Sea science zone: exploring the potential for public engagement with marine science through a university-museum partnership
- Dr. Sarah Knight
- Aquarium design with a strong educational storytelling: arguments and examples
- Leon Green
- Ocean literacy and marine mammals: the role of zoological parks
- Laura VanderMeer
- Bringing research to the Aquarium and turning our visitors into marine citizen scientist
- Dr. Björn Källström
- Make an impact on the future now!
- Dorotea Blank

17:00 - 17:30  **Closing ceremony**

19:00 - …  **Conference dinner at Fiskekrogen**

**October 3rd**

**Fieldtrips:**
- The Sven Lovén Centre for Marine Science at Kristineberg
- Universeum, Scandinavia’s largest science centre
- The Öckerö sailing upper secondary school
